

No.77

nishikiito is available with 5 different styles of metallic threads that can make accents in a wide variety of needlework and craft projects.

Nishiki

"Nishiki" style is the type often used for Obi belts of Japanese traditional clothing, Kimono. This thread has subtle metallic colors and is resistant to friction, good for not only stitching but also making tatting lace and tassels.

Approx. 20 meter per spool / Equivalent to No. 5 to 6 count

Materials

- 02 - 04
Nylon 59%, Polyester 41%
- 05 - 16
Nylon 62%, Polyester 38%
- 18 - 23
Polyester 57%, Nylon 43%

Kagami

"Kagami" style has sparklier presence thanks to its twisting technique and abundant glitter. Soft touch feeling is best for both cross-stitching and embroidery.

Approx. 20 meter per spool / Equivalent to No. 14 count

Materials

Nylon 100%

Opali

"Opali" style has film-like smooth texture and multi-color reflection like Opal stones. Semitransparent look allows light to faintly pass it through and creates unique nuances.

Approx. 20 meter per spool / Equivalent to No. 11 count

Materials

Polyester 100%

"Opali" is former No. 78 "Shabon-Dama" thread, now available in the same blister package as No.77 "nishikiito"

NEW

Champagni

"Champagni" style has pastel colored gentle sparkles like bubbles in champagne. With soft and smooth texture, it is comfortable to keep stitching.

Approx. 20 meter per spool / Equivalent to No. 10 count

Materials

Cupro 81%, Polyester 19%

NEW

Neoni

"Neoni" style is an eye-catching bright color series. These threads give dramatic impact to your needlework even with just a small amount. You can also use as many strands as you like depending on your projects since each strand is extra-fine.

Approx. 50 meter per spool / Equivalent to No. 25 count

Materials

Polyester 100%
