

ALL YOU NEED TO KNOW ABOUT OUR COTTON DRILL

- 100% COTTON
- 240GSM
- 137CM WIDE

Drill has a twill weave which makes it a very strong, dense medium to heavy weight fabric that is robust fabric and easy to maintain. The twill weave means it has characteristic diagonal lines on the fabric which adds an interesting texture. It's a popular choice for both tailored and casual garments like jackets and pants, as well as bags, children's wear and home furnishings.

To sew cotton drill use a 90/14 needle and cotton or all-purpose thread. When cutting pay close attention to the grainline.

Prewash cotton drill to avoid shrinkage. Wash in cool or cold water with a mild detergent and dry naturally or with low heat.
