

ALL YOU NEED TO KNOW ABOUT OUR WIDELOAD 108"

- 100% COTTON
- 145GSM
- 274CM WIDE

Our Wideloads 108" cotton is a medium weight fabric which is heavier than poplin. Because of this weight, it is excellent for looser fitting, structured garments like tops, full skirts or pyjamas. It is also extremely durable thanks to it's tighter weave and high thread count, so you can wash and wear it with ease again and again. The extra width makes it an ideal choice for large home furnishing and decor items like tablecloths and bed covers.

To sew Wideloads, use a universal needle, such as a size 70/10 or size 80/12 and cotton or all-purpose thread.

Prewash to avoid shrinkage. Wash in cool water with a mild detergent and dry naturally or with low heat.
